Contributions of the PWC for 2014-2015 IFAS Faculty Assembly

The following items were evaluated and accepted by vote of the IFAS Faculty Assembly on 04/27/2015.

Teaching Peer Assessment Form was revised to include an abbreviated 2 page form to highlight specific criteria for performance evaluation and a more detailed form defining expectation for all IFAS units. These forms were accepted by a majority of the attending faculty. An unresolved concern was the evaluation of team taught courses in which multiple faculty participate, and an anticipated difficulty in executing this evaluation.

A revised Faculty Evaluation Form for annual evaluation of faculty by their respective chairs was reviewed and accepted by faculty vote.
